

Intuitive Development 101

This introductory course provides the building blocks of a strong and principled intuitive practice. Learn the essentials of a flowing, generous practice that will resource all areas of your life. Through a combination of discussion, writing prompts, and practical exercises, affirm your Divinity - body, mind, spirit - and learn practices to honor your holiness. Engage with the Highest guidance, receiving healing and inspiration. More than meeting your Guides, you will build trust in your connection to Spirit and your place in the Oneness of All.

Practical exercises will support your practice:

- Integrate foundational spiritual principles
- Attune to the sacred body
- Understand and balance the energetic field
- Develop the primary psychic channels
- Work with your Guides in integrity

No experience necessary.

Duration: 3 hours

Cost: \$222

Intuitive Development 201

Build your practice and work out the kinks amongst friends. In this highly interactive session, we will reinforce the foundational practices of grounding, clearing, and protection. We will share experiences, challenges, and questions that have arisen in practice and learn how to work through them. Work together to remove blocks and navigate this new terrain of Spirit. Deepen connection with and understanding of the types of Guides that are available. Learn next level protection and clearing around Earth

grids, portals, devices. Sharpen primary channels of information and identify a secondary channel. Amplify your receptivity and learn how to practice with other people.

Practical exercises will support your practice:

- Refine meditation techniques
- Hone primary psychic channel
- Deepen relationships with your Guides
- Work with the Earth grids
- Identify and clear devices
- Increase sophistication of protections

Prerequisite: Intuitive Development 101

Duration: 2.5 hours

Intuitive Development 301

This workshop serves as an advanced practicum for serious students, who have built an independent practice of tuning in. Participants will lead the group through setting the essential light structures. We will work together to scan for devices or elements requiring clearing. We will identify our core strengths and skills in this work, and align with the teams in Spirit where we can best serve.

As a group, we will feel into how we are called to serve during and after the workshop, and act on the guidance as a group for the highest good of all.

Prerequisite: Intuitive Development 101 and 201

Duration: 2.5 hours
